

2023 Summer Reading Program Final Report

Due Date: Friday, September 15, 2023

Introduction: This survey asks libraries to report on activities, statistics, participation and collaboration for 2023 to help the State Library understand and share the impact of libraries as they continue to provide vital services and programs to communities, students and families. The State Library appreciates the efforts of all public library staff to support and offer engaging and creative Summer Reading and Learning programs to the communities they serve.
