### Library Trustees Association Section

#### Membership Rider for NYLA Organizational Members

In order to support the ongoing activities of the Library Trustees Association Section (LTAS), NYLA has adopted a new dues rider as an optional addition to libraries purchasing organizational memberships.

Under this model, libraries have the opportunity to add LTA membership for all of their trustees to their dues order at a flat rate – based on their libraries operational budget. These dues would confer full NYLA-LTA membership on all trustees of the library and would function as a rider on top of NYLA organizational membership. (This includes voting privileges in NYLA elections.)

Dues collected for NYLA-LTA Trustee membership would be credited, in full, to LTA.

Library Budget	Dues Rate	NYLA-LTA Dues Rate
\$1 - \$50K	\$50	\$10
\$50K - \$100K	\$75	\$20
\$100K - \$500K	\$150	\$30
\$500K - \$1M	\$300	\$75
\$1M - \$3M	\$600	\$150
\$3M - \$10M	\$1250	\$300
\$10M +	\$2500	\$600

Members of LTA will receive the LTA newsletter and will have access to discounts at NYLA and LTA events.

Trustees could continue to opt to join as 'stand-alone' NYLA members (and potentially be counted as LTA members) if they were to join at the existing \$30 Trustee rate.

Libraries participating in NYLA as organizational members are eligible to register their trustees as non-voting members of NYLA for no additional charge; this practice remains unchanged. These 'complimentary' trustee membership do not receive the LTA newsletter, or have voting privileges.
