ilf you have items with no annual report code, or suppressed status, they have been added to All Other Print Materials.

^v Add any additions of uncatalogued books and new print serials to this number.

ii If your library provides access to eBooks with a circulation period (including Hoopla or Freading) report the number of circs for this question.

This is a count of electronic licenses to collections that **do not have a circulation period**. All member libraries should report a minimum of 4 (JobNow, Mango, TumbleBooks, Universal Class). If your library purchases (or your county purchases for your library) additional databases (including Freegal, Quello, Acorn, Great Courses, Indieflix, etc.) add them to this number.

iv If your library provides access to electronic resources with a circulation period (including Hoopla or Kanopy) report the number of circulations for the relevant library collection question (2.17: Audio-Downloadable Units, 2.18: Video-Downloadable Units-No longer available in OverDrive).

Note that the circulation data for questions 4.1, 4.2, 4.4, 4.5, 4.8, 4.9 is adjusted to include your share of the renewals not attributed to a specific library made through the OPAC, so this number will be larger than the numbers you pull during the year through Web Management Reports.

ⁱ If you have items with no annual report code, or suppressed status, they have been added here.

This number includes your OverDrive eBook, eAudio, and eVideo statistics. If your library has additional statistics for similar online library resources that require user authentication and **have a circulation period** (for example Freading, Hoopla, or Kanopy) add that usage here.

This number includes any TumbleBooks statistics (which are collected by library patron barcode prefix). It also includes your portion of the database statistics (assigned on a per capita ratio) from the systemwide group buy databases (JobNow, Mango, Universal Class). If your library has additional statistics for similar online library resources that require user authentication but **do not have a circulation period** (for example Acorn TV, Qello, Great Courses Online, Freegal, or Indieflix) add that usage here. Novel NY stats cannot be retrieved specifically by library and are not counted.

^{iv} This number includes Sierra system holds circulated at your terminal which were received from other member libraries, and holds checked out in Sierra using the recommended process of "ILL dummy cards" with an ITYPE of ILL.

^v This number is a count of the number of times your items are checked out at other member library locations.
