

Welcome to the East Fishkill Community Library!

You may think that you just did something very ordinary by getting a library card - but you really did something very special. Your new library card can change your life.

You can stream videos, read digital magazines, access databases, download eBooks for your Kindle, learn a language, look up articles, come to programs and a whole lot more.

Oh yes, and books; we've got those too. The best sellers, the beloved classics and everything in between.

Wondering where you should start? We have a few suggestions:

[Digital Resources - Familiarize yourself with what to read, listen, watch, learn, and do.](#)

[Account Help - Request an item, renew an item, pay fines online, and more.](#)

Overdues

It's been said that into every life a little rain must fall. Sometimes you might be late with your library materials and end up with overdues. But that's okay - because this is your umbrella.

Bring in a print-out of this email and we'll waive your fines once for one person. No limit to the amount. Because we want you to like us as much as we like you!
