Add a Payment Method

- ✓ Get access to paid chargers
- ✓ Get billed monthly or when your balance reaches \$25

 Add Payment

Click to securely add your payment method.

Smart Charging Solutions for Electric Vehicles

After you have added a payment method you will be able to start a charging session. Pull up the Nearby Locations list and choose the closest location. Choose the station number you are parked at, and click Start Charging. You will get a notification when the transaction has begun, and once the transaction is complete.
